

Hello!

Welcome to the first discussion on the future of this place...

Shopping is changing and as a result the Treaty Centre must adapt. Adapt to serve the future and support Hounslow High Street.

The Treaty Centre must close. This represents an opportunity to shape a new place.

Today we ask for your views on what that place may be like...

Shops, homes, green space + fun...

Thank you for being a part of shaping this important place...

Why Hounslow?

Because it's great!

A simple line drawing illustration of a road scene. On the left, a small car is driving towards the right. In the center, a rectangular signpost with the letters 'M4' is on two posts. To the right of the sign, a large truck is driving towards the right. On the far right, there is a large, rounded green bush. The road is a simple grey line curving from the bottom left towards the right.

The redevelopment of the Treaty Centre is part of a bigger regeneration so the town centre can serve Hounslow better in the future!

What Have Locals Said so Far...

We want to know what you feel will make this place better...

What has been said before?
The 5 main comments are listed here...
Do you agree, or have anything else to add?

- 1 A more diverse retail offer
- 2 A shift from grey to green
- 3 Event and market spaces to bring footfall aand support diversity
- 4 Enable an evening economy to make the town safer
- 5 Engender better maintainance and care of the public realm

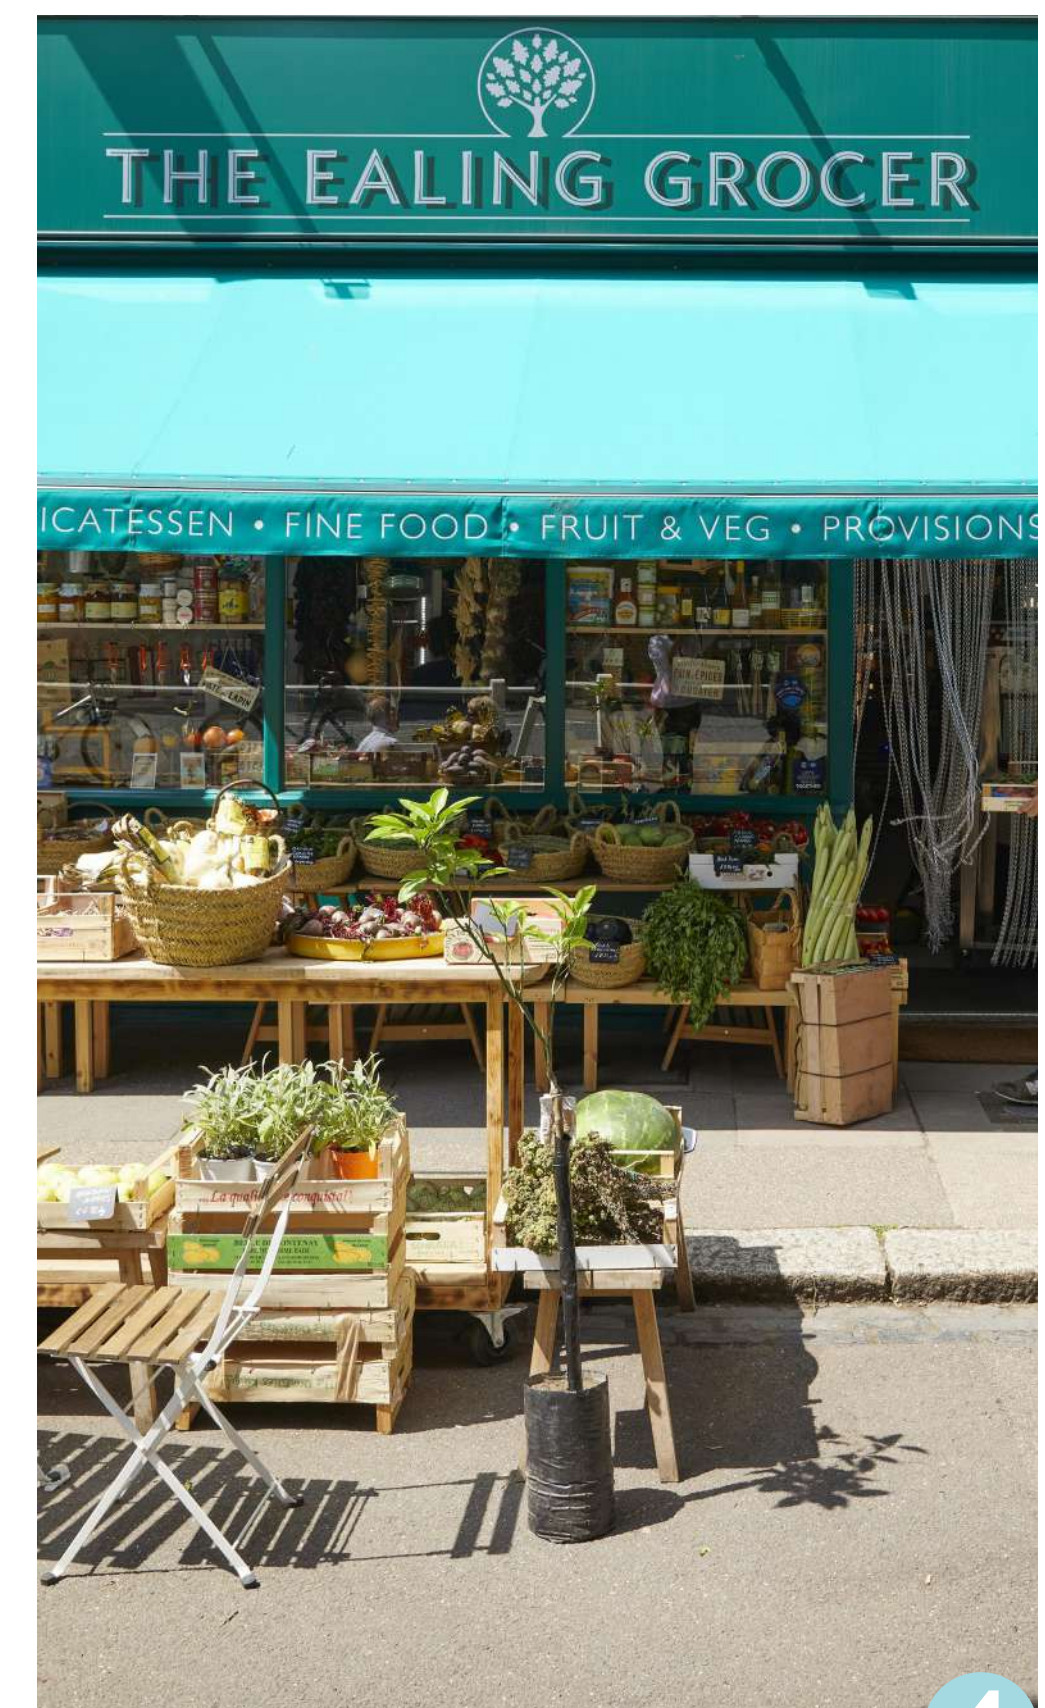

The following boards show thoughts on how these 5 ideas may look...

...All to support a growing community

*Taken from "A Vision for Hounslow's Town Centres"

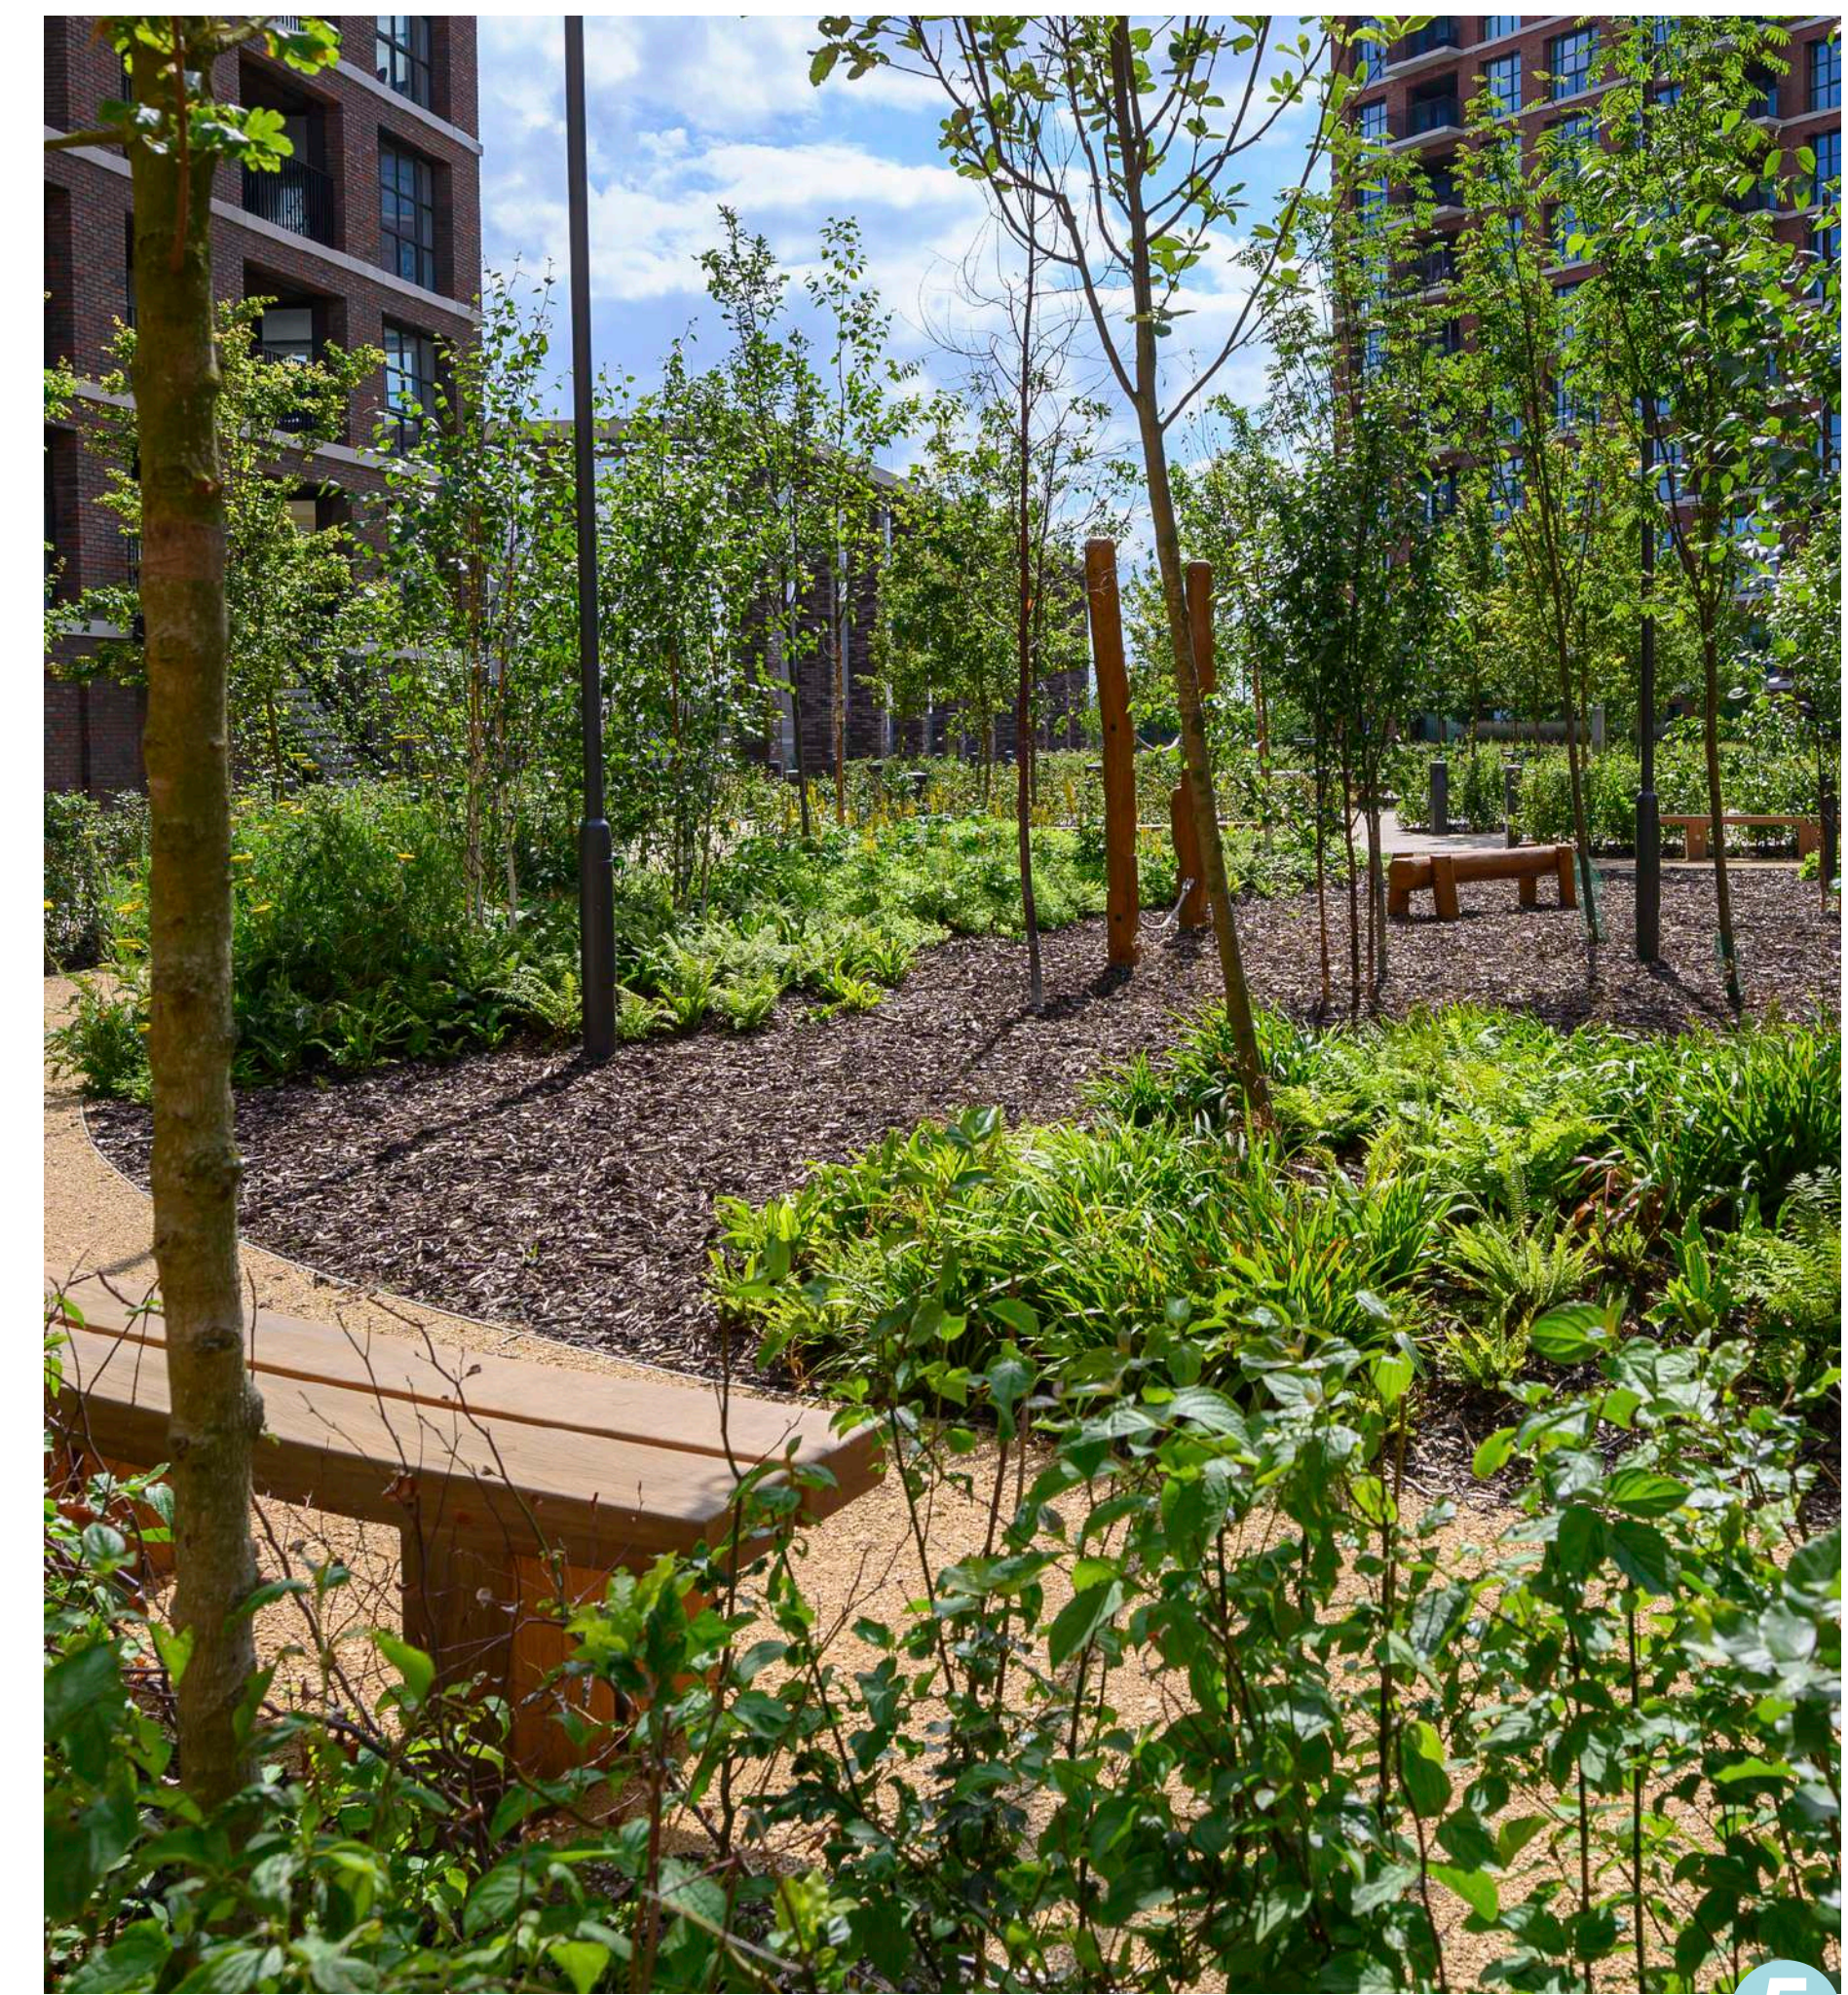

Thoughts...Shops

More Diverse, More to Offer, More Local...

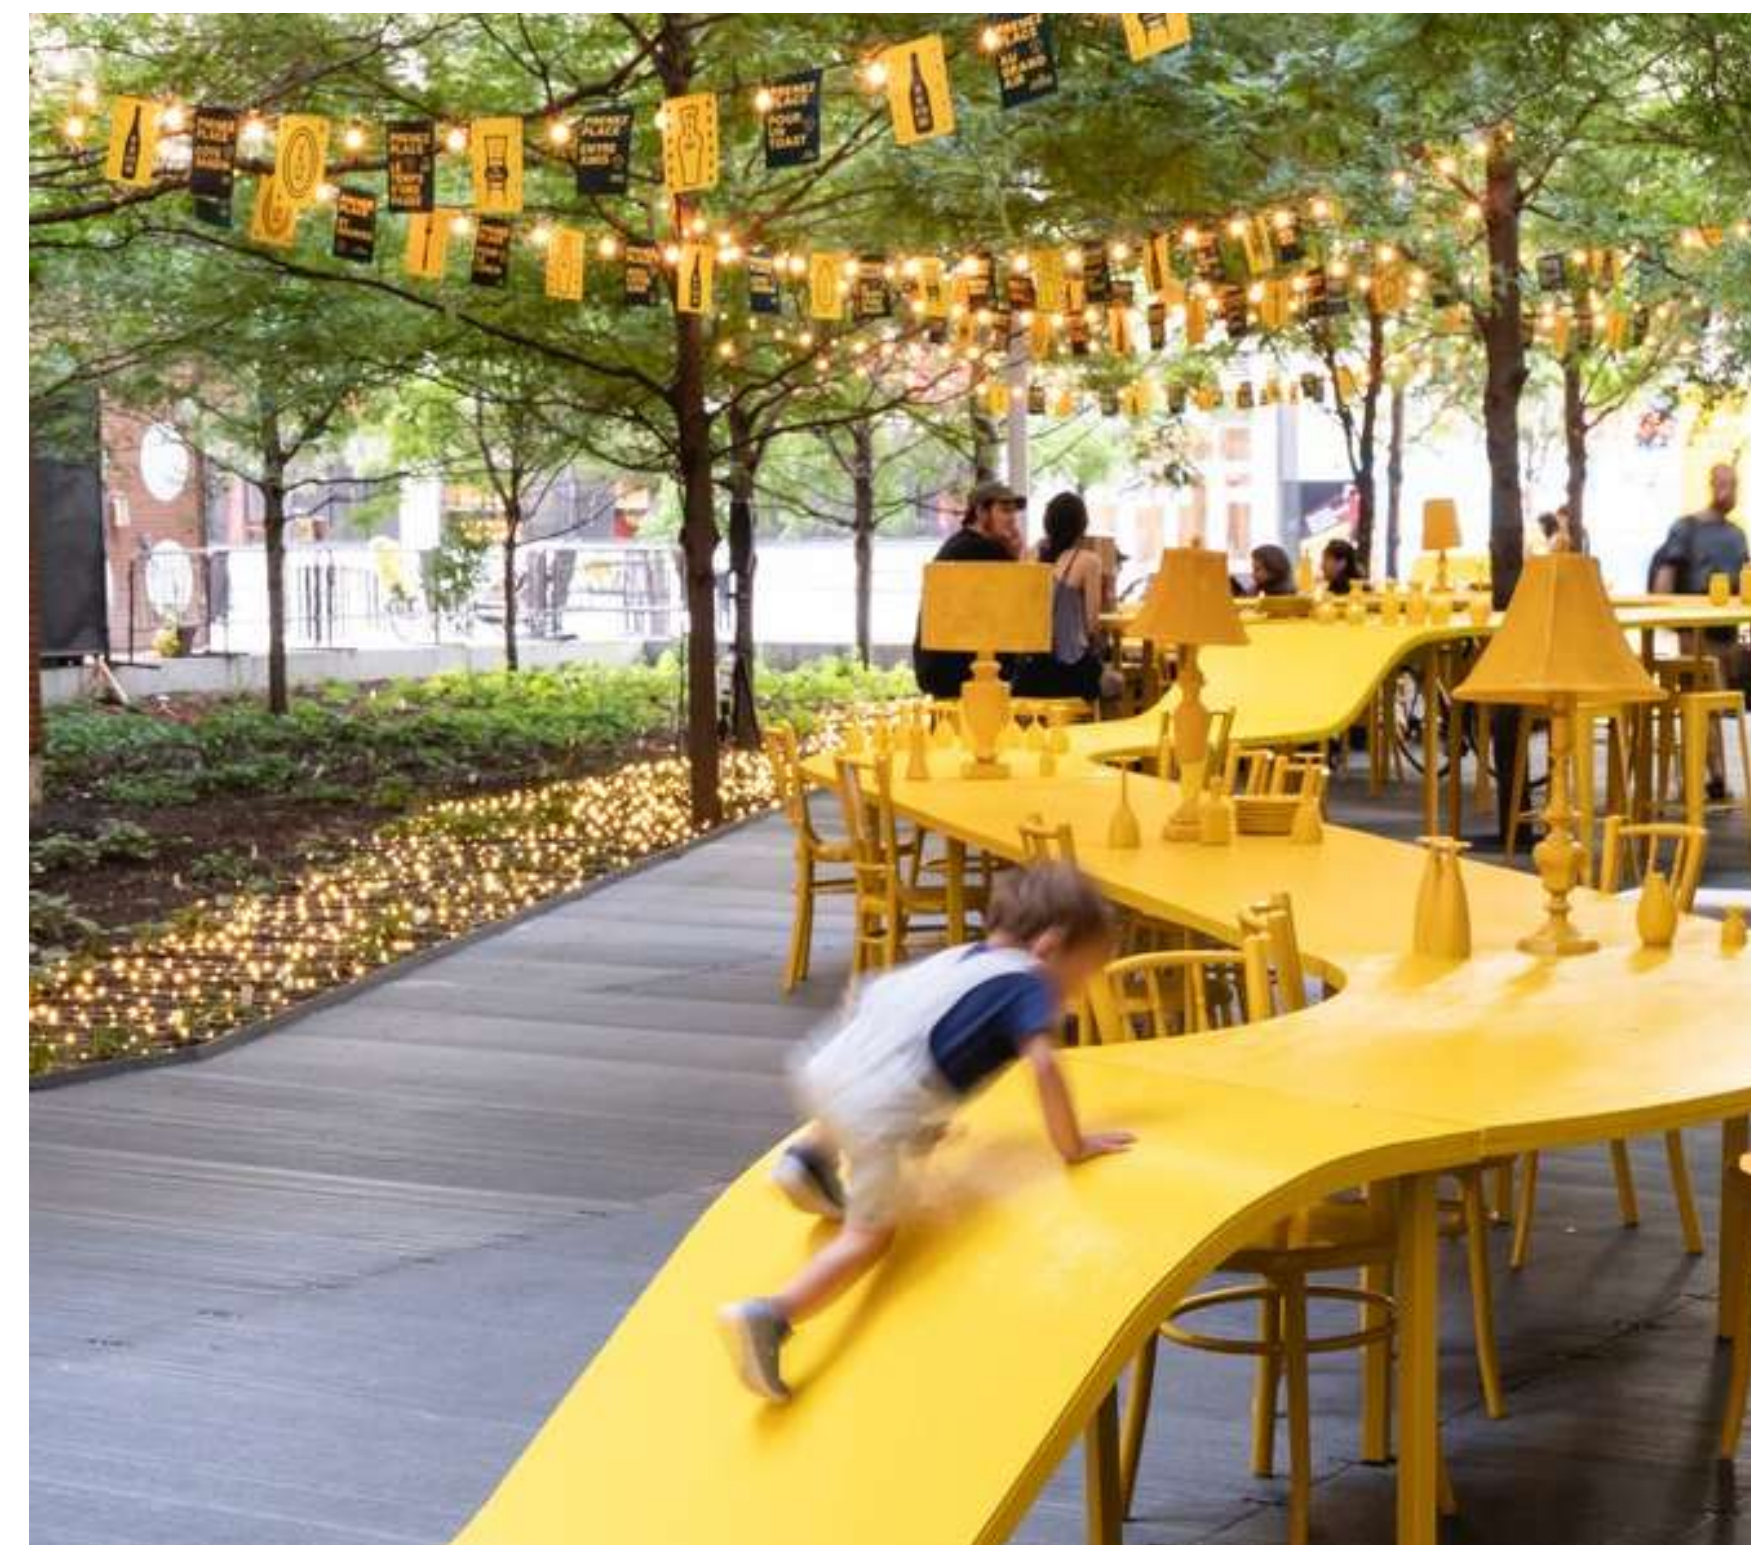

Thoughts...Green
